

Cover Letter

Dear Sir,

I am Lim Zi Qiang, a student who studying Computer Science. As a person who is passionate about solving real-world issues by utilizing digital solutions, I keep exploring various fields of computer science in order to equip myself with technical skills and knowledge. I am aiming to create an innovative and sustainable web application that can benefit the crowd.

As my experience in web development is still at the intermediate level, I hope to gain industrial experience as much as I can to fulfil my goal as mentioned above.

Sincerely,
Lim Zi Qiang
